

ASSOCIATE DIPLOMA IN TURFGRASS MANAGEMENT

Turfgrass management is a dynamic sector with opportunities across Canada and throughout the world. The Diploma in Turfgrass Management is a focused curriculum that will provide students with the skills to succeed in this competitive industry. The program utilizes the collaborative resources of the University of Guelph faculty and staff, industry professionals and the grounds, workshop and laboratory facilities of the Guelph Turfgrass Institute. Practical and scientific study is combined with a required summer co-op work term (paid) to provide students with a wide range of practical experiences, knowledge and networking opportunities. The Associate Diploma in Turfgrass Management is offered at the Guelph campus and prepares students for a variety of career opportunities including golf course management, lawn care, sports field management, parks management, landscaping, sod production and related supply and service industry positions.

Courses in the Associate Diploma in Turfgrass Management are restricted to students enrolled in the program.

Students are required to work full time for minimum 15 weeks following winter semester 2. Co-op work term must be in the field of turfgrass management. Throughout semester 1 and 2, students will work with the DTM Manager and University of Guelph's Experiential Learning Hub to seek out, interview for, and secure their co-op position. . Prior to the end of semester 2, students must outline a series of personal learning goals to complete during their co-op. Successful completion of the co-op work term is required for graduation.
