

VIII. ASSOCIATE DIPLOMA REGULATIONS AND PROCEDURES

General Information

The academic regulations outlined in VIII–Associate Diploma Regulations and Procedures are the basic regulations for undergraduate degree and associate diploma programs of the University as approved by the Senate. Terminology used to describe academic regulations is defined in the Glossary. In these regulations where the consent of the dean is required, the term "dean" is interpreted to mean the person responsible for the academic program, for example dean, Associate Dean, director, chair of program committee, or the Program Counsellor in a particular diploma program. Approved changes in the regulations which affect a student's program of study will be included with the course selection or registration material.
