

BIOPHYSICS (BIOP)

BIOP*6000 Concepts in Biophysics Winter Only [0.50]

This course emphasizes basic concepts from various research topics at the interface of the life and physical sciences, arising from key journal publications and their impact on present day research trends.

Restriction(s): Instructor consent required.

Department(s): Dean's Office, College of Engineering and Physical Sciences

Location(s): Guelph

BIOP*6010 Biophysics Seminar Unspecified [0.00]

This public research seminar is based on presentations by all PhD students in the Biophysics program in yearly intervals after passing the qualifying exam and by all MSc students in their second year of studies. Students are required to attend all seminars presented during the semester in which they are registered for the course.

Department(s): Dean's Office, College of Engineering and Physical Sciences

Location(s): Guelph

BIOP*6950 Advanced Topics in Biophysics Unspecified [0.50]

This course provides opportunities for graduate students to study special topics in contemporary biophysical research under the guidance of graduate faculty members with pertinent expertise. Proposed course descriptions are considered by the Director of the Biophysics program on an ad hoc basis, and the course will be offered according to demand.

Department(s): Dean's Office, College of Engineering and Physical Sciences

Location(s): Guelph
