

# ONE HEALTH (ONEH)

---

**ONEH\*6000 One Health Approaches to Research Winter Only [0.50]**

A multidisciplinary course for graduate students that provides in-depth knowledge on the One Health approach, exploring complex issues at the interface of human, animal, and environmental health. Active learning lessons will foster strong skill development for One Health research in collaboration, systems thinking, transdisciplinarity, critical thinking, problem solving, leadership, and communication.

**Restriction(s):** Restricted to One Health collaborative specialization students.

**Department(s):** Department of Population Medicine

**Location(s):** Guelph

**ONEH\*6100 Master's Seminar in One Health Fall Only [0.50]**

This course offers a university-wide multidisciplinary forum for discussion of One Health. Master's students will discover One Health through different disciplinary lenses, facilitate and actively engage in academic discussion about One Health, and practice leadership and networking skills necessary for success as a One Health practitioner.

**Prerequisite(s):** ONEH\*6000

**Restriction(s):** Restricted to Restricted to One Health collaborative specialization masters students.
