

BACHELOR OF APPLIED SCIENCE (BASC.) - MAJOR JUSTICE STUDIES - DIPLOMA IN POLICE FOUNDATIONS OR DIPLOMA IN COMMUNITY AND JUSTICE SERVICES

Our comprehensive program offers a variety of courses including: Criminology, Forensic Techniques, Law, Criminal Offences and Community Service. Following a common first year curriculum, students in Justice Studies will choose to specialize in either Police Foundations or Community and Justice Services depending on their career and educational goals. Students in both specializations will gain practical experience in a variety of segments within the Ontario justice system through community service placements. The combination of academic rigor, strong links to the field and our location in Toronto, provide our students with a competitive advantage in the quickly growing field of Justice Studies.

Students are required to complete 20.00 credits including 18.00 core justice studies credits, and 2.00 general elective credits in order to be eligible for graduation. Students must complete these requirements in order to be eligible to graduate with both the university honours degree (awarded by the University of Guelph) and the college diploma (awarded by Humber). No option exists to graduate with only one of the above listed credentials as the program is fully integrated.

Conditions for Graduation

In addition to meeting all program specific course and credit requirements, students must have a minimum 60% cumulative average in order to be eligible for graduation. Students will not normally be eligible to graduate while on Probationary status or Required to Withdraw status. A student denied graduation while on Probationary status or Required to Withdraw status may submit a request for Academic Consideration to the Academic Review Sub-Committee.

Police Foundations

In Police Foundations, students take courses that prepare you for employment in the various levels of Canadian policing including municipal (e.g. Toronto Police Service), provincial (e.g. Ontario Provincial Police), and federal (e.g. Royal Canadian Mounted Police) police services. Courses include Community Policing, Police Governance and Accountability, Investigative Techniques, and Physical Fitness.

Community and Justice Services

This area of study focuses on both the community and the institutional sectors of the criminal justice system. The curriculum combines both theory and applied skills, providing students with the breadth of knowledge and experience for working with offenders and other high-risk client groups. The development of community programs, restorative justice initiatives and preventative measures will be covered. In addition, there is a strong emphasis on the practice of interpersonal, problem-solving and assessment skills.
