GRADE REASSESSMENT

Grade re-assessment is the process of reviewing the calculation of grades, or the methods and criteria used to establish final grade(s) for a student in a course or misapplication of an academic regulation. The outcome of a grade re-assessment may be a grade increase, a grade decrease, or no change to the grade. The detection of errors or omissions in the calculation of final grades will result in the assignment of a revised grade. Students normally initiate grade re-assessments, but faculties may initiate this process. However, faculties must not use the grade re-assessment process to:

- grant extensions for submission of work beyond course grade submission deadline
- change the student’s continuation of study status
- improve the student’s program or specialization average
- submit late grades (see Final Grades)

Calculation Errors or Omissions

Students who believe there have been errors or omissions in the calculation of their final grade for a course may request a grade reassessment. They must submit a request in writing to the Program Head responsible for their program of study no later than the 10th class day of the subsequent semester. The request must pertain to work completed during the semester. Students must also submit relevant assignments or tests that have been returned to them.

The Program Head shall forward the student’s request to the faculty and the faculty shall respond to the Program Head within five class days. The faculty has the responsibility of ensuring that the calculation and calculation of marks is accurate. The faculty must reply to the Program Head, in writing, giving assurance that the review is complete.

Where there is a change in the grade, the Program Head signs the “Grade Change” form and forwards it to the Campus Registrar. The Campus Registrar (or the appropriate Academic Advisor) will advise the student in writing (e-mail) of the change of grade. If there is no change to the grade, it is the Program Head’s responsibility to inform the student in writing (e-mail).

Methods or Criteria Used in Establishing Final Grades

A student may request a grade reassessment on the basis of the Methods or Criteria used in establishing the final grades in a course. Methods or Criteria is defined as the application of the assessment expectations, the assessment mechanisms and the grading standards as provided in the course outline, assignment sheets, and any associated grading rubrics used in the course. The assessment of work must always be based on the criteria that are established in those documents. If the student believes that the methods and criteria provided by the faculty do not comply with the grading procedures established by Senate, the grade reassessment request may fall more appropriately under the procedures for Misapplication of an Academic Regulation.

Students unsure of which grade reassessment process to follow, should seek advice from their Academic Advisor.

Students who have evidence the Methods or Criteria, as established by the course outline, assignment sheets, or any associated rubrics for the course, have been applied by the faculty in an unreasonable, biased, or inconsistent fashion, may request the Program Head initiate a grade reassessment. The Program Head shall review the grading of any assignment under question. Options in the course of the review include:

1. leaving the grade unchanged,
2. increase the grade, or
3. lower the grade.

Procedures for Conduct of the Grade Reassessment

1. Students who have evidence the methods or criteria have been applied by the faculty in an unreasonable, biased or inconsistent fashion should discuss their concern with the faculty in writing (via email) as soon as possible and no later than the 10th class day of the subsequent semester.
2. If the concern is not addressed and/or under review within five working days, the student may submit the request in writing to the Program Head. The request should be submitted as soon as possible. The request must state the reasons for the request, demonstrate clear bias, unreasonable or, inconsistency and include supplemental documentation (copy of the assignment(s) in question, email correspondence if relevant, etc.)
3. The Program Head reviews the course outline, assignment sheets and associated rubrics and requests the faculty to document the methods and criteria employed in grading the assignment in question and respond to the student’s concerns in writing to the Program Head.
4. The Program Head reviews the matter with the faculty and the student independently and determines whether there is sufficient evidence to reasonably support a finding that the methods or criteria have been applied by the faculty in an unreasonable, biased or inconsistent fashion and, if so, whether a mutually agreeable solution can be achieved. If the request from the student does not meet this standard, the Program Head informs the student that the request is denied. The student has the right to appeal the decision of the Program Head to the Vice-Provost.
5. If resolved in Step 4, the Program Head informs the student and faculty member of the grade change in writing via email and submits an Undergraduate Grade Change form to Registrarial Services.
6. If a resolution cannot be obtained through Step 4 and the Program Head agrees the student request meets the standard set out in section 4 above, the Program Head initiates an independent assessment of the assignment by choosing a neutral assessor from their program or another program with sufficient expertise to assess the assignment under review.
7. The Program Head provides the neutral assessor with a clean/ ungraded copy of the assignment, the course outline, assignment sheets and associated grading rubrics.
8. Based on the material provided by the student, the faculty member, and any independent assessor, the Program Head shall determine whether or not the methods and criteria employed were appropriate and will also determine whether or not the student’s grade will change.
9. The Program Head communicates the decision to both the student and the Faculty member in writing via email and if there is a change to the final grade, the Program Head submits an Undergraduate Grade Change form to the Office of Registrarial Services.
10. The student has a right to appeal the decision of the Program Head to the Formal Appeal.
