

# ORGANIC AGRICULTURE (OAGR)

---

**OAGR\*2070 Introduction to Organic Agriculture Winter Only (LEC: 3, LAB: 3) [0.50]**

Students will be exposed to the scale of the organic industry today, including the factors driving interest in organics for both producers and consumers. The foundational principles underlying contemporary organic agriculture will be presented and first hand experience of current organic practices will be provided. In addition, this course will rely on small group mentoring to stimulate independent, learner-centered analysis of selected topics in organic agriculture.

**Prerequisite(s):** 5.00 credits

**Restriction(s):** OAGR\*2050, OAGR\*3030

**Department(s):** Department of Plant Agriculture, School of Environmental Sciences

**Location(s):** Guelph
