

GRADUATE STUDIES

The University of Guelph offers graduate programs in most departments and schools. These post-baccalaureate programs offer opportunities for personal, academic and professional growth. Students with a 70% average or higher should consider and investigate these options, beginning no later than their third undergraduate year. Decisions regarding the desired area of study and pursuit of scholarship support require forethought and planning. Information and counselling are available through the graduate program coordinators of each department/school. Further information on graduate programs may be found in the Graduate Calendar (calendar.uoguelph.ca/graduate-calendar/). Applications are made online and accessed through the Graduate Studies website at <https://www.uoguelph.ca/graduatestudies/>. Students are also welcome to visit the Office of Graduate and Postdoctoral Studies, Level 3, University Centre.
